Weekly Activities and Status Report for DD/ICS--22 February 1984

- The DABMs Working Group will be convening this week to finalize the DABMs study. The Working Group will consist of 15 organizations and 21 Working Group members. All members have been identified with the exception of Navy, AF, State, and USMC.
 - A rough draft of the DABMs report has been completed and distributed to the Working Group members. The draft will be reviewed and the executive summary prepared during a series of Working Group meetings planned over the next week.
 - The interim DABMs report has been forwarded to the DCI.
- The Soviet Strategic Cruise Missile Report has been received from the print shop. We are in the process of preparing forwarding memoranda to the recipients.
- The revised CBW TOR has been forwarded to the CIPC members for their final review prior to promulgation.
 - Names of the respective working group members are also being provided.
 - The process of finalizing the TOR and developing the working group is scheduled to be completed by 24 February.
- The Critical Intelligence Package is being finalized. We plan to forward it to you by the end of the week for your review and concurrence prior to sending it to the DCI and CIPC members.
- Yesterday's ribbon-cutting ceremony for FLASHBOARD appears to have been successful. The network is off to a very positive and effective start.
 - The D/ICS' memorandum to ADM Poindexter on this subject has been forwarded.
- [] had a very insightful trip to US Customs in Houston and San Diego and the NNBIS in Long Beach.

- Finally, it appears that an agreed upon CIPC evaluation concept is close at hand.
- Work continues on the China Study; however, it appears that it will be another 4-6 weeks before we will get a draft to review.
